

# Itona TC1330

## Entry-Level Desktop Thin Client

### Itona TC1330

#### Fully featured

- VMware Virtualisation ready
- Sylph-OS operating system
- AMD® Geode GX 466MHz processor
- Very small footprint - 19cm high x 14.2cm deep
- Highly reliable fanless design - very low power consumption
- 256Mb RAM & 64Mb Flash Memory
- 4 USB ports
- In-built 10/100 Networking
- 32 Bit graphics

#### Green Credentials

With very low average power consumption, the Itona is more than 4 times more efficient than a PC. It is also substantially lower than the majority of its competitors.

#### Remote management included

Every Itona comes with the powerful Xlmanage remote management software, Workgroup Edition, making central management a breeze.

The new Itona TC1330 desktop is a major breakthrough in the provision of low cost, virtualisation-capable, thin client computing. As VXL's entry level desktop the new model comes at the lowest possible price point, but has features and specification well beyond its price competitors.

For example, the TC1330 has the VMware® View 3.1 client built-in making it "virtualisation ready". Built to VXL's exacting quality specifications, the fan-less design helps make the TC1330 extremely reliable. This, together with the efficient power supply, help record a very low average power usage. All in small, elegant design only 19cm (7.5 inches) high.

Despite these features, the TC1330 has a price which is substantially below those of its competitors. Backed by VXL's worldwide support structure and a three year warranty, the new Itona represents an unbeatable combination of price, performance, quality and support.

“ *Itona TC1330 - VXL's lowest priced thin client desktop* ”

#### About VXL

VXL is one of the world's largest suppliers of thin clients. Established in 1976, VXL has grown steadily and now has over three hundred people worldwide – with offices in Germany, France, India, the United States and the United Kingdom. The company's headquarters are in Bangalore, India.

## Specification

### Model

**TC1330** Sylph-OS Operating System. ICA client, PNAgent and RDP Client.

### Processor

- AMD Geode GX466

### System Memory

- Ram: 256Mb
- Flash: 64Mb

### Display Support

- Display Data Control (DDC) for automatic setting of resolution and refresh rate
- Maximum resolution and refresh rates (Hz):  
32 Bit Colour : Up to 1600 x 1200 @ 85Hz

### Interfaces

- 4 x USB 2.0
- One VGA type video output
- Built-in Kensington Security Slot

### Networking

- Autosensing, 10/100 Ethernet, RJ-45
- Wake On Lan
- PXE boot

### Audio

- Line Out
- Mic

### Environmental

- Temperature Range :  
Powered on: 0 to 40 °C  
Powered off: -10 to 60 °C
- Convectional cooling, fanless design
- Humidity : 0% to 80% maximum, non-condensing

### Physical Characteristics

- External power adapter with full range
- autosensing AC adapter (100/240 V) for worldwide usage
- Height: 190 mm
- Depth: 142 mm
- Width: 36.5 mm
- Weight: Approx 0.7Kg

### Software

- VMware View 3.1 Client
- ICA Client : Citrix ICA client for Linux version 10.xx
- RDP Client : A Remote Desktop Protocol client version 1.5.0
- Ericom Blaze RDP Client
- **Local Operating System Features**
- Updated kernel version 2.6.x

- Password-protected support
- **Server OS Compatibility/Support :**
- Microsoft Windows Terminal Server Edition, Windows 2000 server, and
- Windows 2003 Server
- Citrix MetaFrame
- Protocol Support : TCP/IP, NTP, DHCP, FTP, HTTP
- **Management:**
- Remote management, configuration, and upgrades
- through XLmanage client management software (included)
- Wake terminal remotely (Wake-on-LAN)
- Terminal configuration (IP information, name, etc.)
- Send messages
- Remote Shadowing
- Complete image upgrade
- Pull/Push Updates

### Regulatory Compliance

- Europe: CE, TUV-GS
- US/Canada: cTUVus, FCC B
- Environmental: RoHS, WEEE

### Warranty

- Three years limited warranty
