

SPC-221

21" all-around IP65 Core i Panel PC

Marco Zampoli

Europe Senior Product Sales Manager

What is Industrial HMI ?

A human-machine interface (HMI) is the user interface that connects an operator to the controller for an industrial system.

Simple Display Stage

HMI-centric control

Before 90s

90s~00s

2007

10s-now

Future

Pure Control Stage

Touch Technology Raise

Add-on Value / Creation

What is Domain HMI ?

everything
is possible

- “Domain HMI” is a relative term to “Traditional HMI”
- Domain means limitation, with entering threshold
- Start From features to Domain

HMI Evolution in terms of mounting

PAST

FUTURE

Traditional Panel Mount HMI:

- Chamber cut-out fixed due to HMI limitation
- Lack of flexibility for ID and aesthetic action

Out of the Cabinet HMI :

- Easily for SI to integrate in the machines
- Easily settle in the process line

Have You Heard Complaint About

- Dust on front bezel
- Limit space to install keyboard & mouse
- Single touch is not enough
- Need bigger display to show more information
- Direct mount on arm

All around IP protection solution

IP65 all around IP66 in front

SPC-1840WP
SPC-2140WP

Market: General automation
Success in Automotive

IP65 all around IP66 in front

SPC-1881WP
SPC-221WP

Haswell

Market: General automation
Success in machine for packaging

IP69K

IPPC-5211WJ

Celeron J1900

Market: F&B, Pharma

Machine builder : Ergonomy is becoming more and more important , this means panel must be adjustable by the operator there is a clear transition

Potential : constant monthly ordering

Process Automation: Ergonomy is becoming more and more important , this means panel must be adjustable by the operator there is a clear transition connections must be secured by any accidental disconnection.

Potential : Big order based on projects

Now You Won't hear Complaint About

Have You Heard Complaint About

- Dust on front bezel
- Limit space to install keyboard & mouse
- Single touch is not enough
- Need bigger display to show more information
- Direct mount on arm

VESA mount

True Flat screen

Support 10 fingers
multi-touch Screen

All-around IP65

Benefit of Domain HMI

Existing Sector (Factory Automation)

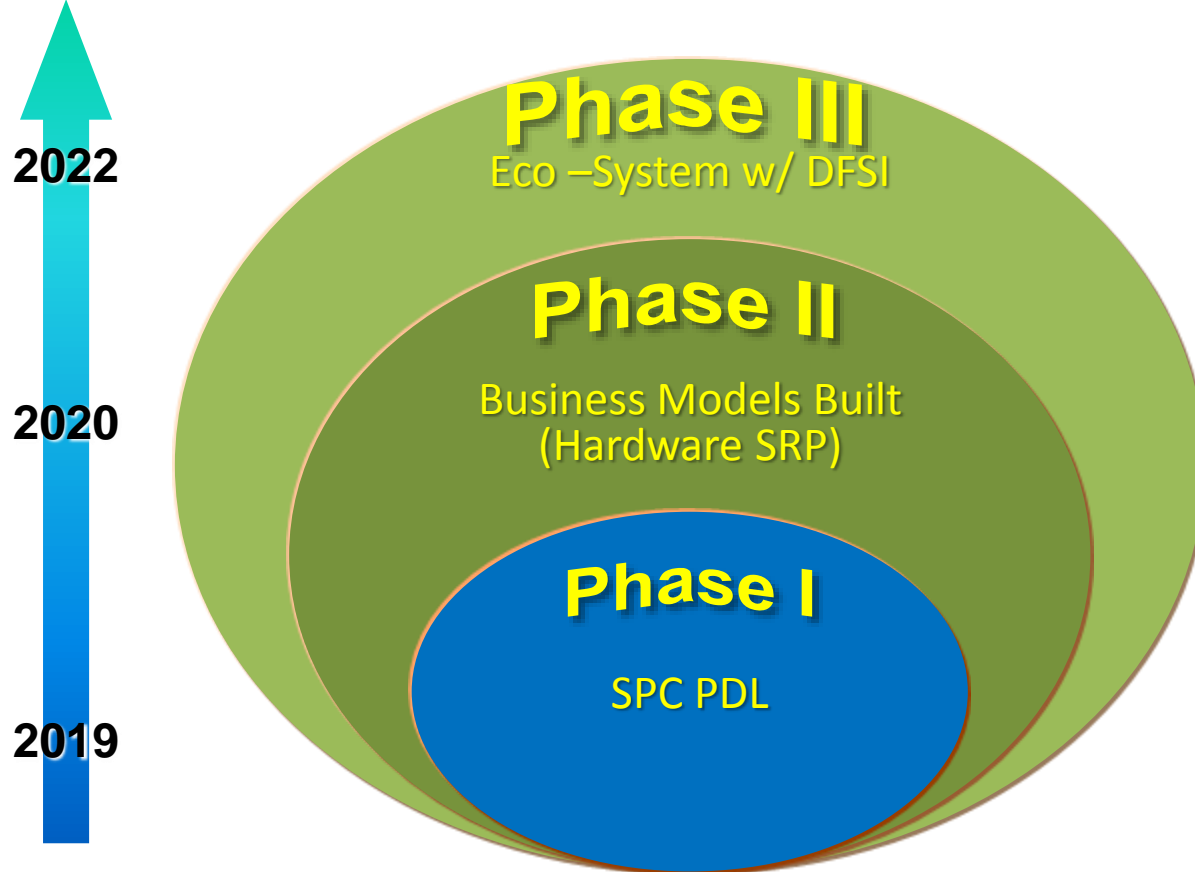

- **New Field :**
 - Out-of-Cabinet Solutions
- **Ruggedized :**
 - Stainless Steel
 - Special Parts : Power / Touch
- **Device Integration :**
 - Tri-color LED, Barcode Scanner, NFC Card Reader

New Opportunity in New Sector

- **Certification / Spec threshold**
 - Oil & Gas
 - Railway / Boat
 - Power Station
 - Vehicle
- **Domain Know-How w/ SI, Selected Sales, BDM**
 - High customization possibility
 - New technology adopted (DTOS / PAPS /)

Three Phases Toward Success

DFSI Eco-System

- DFSI : knowledge and channel system provided
- Become a player in selected industry (Eco-System)

Business Models Built

- Know-how guy in regionally
- Hardware SRP Provider (target SI)

Domain HMI STANDARD

- **SPC-800** : Standalone HMI
- **SPC-500** : Stainless Steel HMI
- **SPC-200** : Encapsulated Control HMI

Performance/Cost

Tier1 Market

All-Around HMI with knowhow

Tier2 Market

Flexible Operation

Tier3 Market

Process Visualization

Process Visualization

General-MES HMI

- MES-1551N
- TPC-8151W
- TPC-8191W

Real-time Operation

PushAccess HMI

- Operator Control & Monitor System
- Automotive

Flexible Extension

Modularized HMI

- TPC-2000
- TPC-5000
- FPM-7002

Hygienic Design

Stainless Steel HMI

- IPPC-5211WS
- FPM-8151H
- **New SPC-515**

Domain Sustention

Standalone HMI

- **New SPC-800 Series**

Machine-level Visualization

Encapsulated Controller HMI

- SPC-1881WP
- **SPC-221**

Out-of-cabinet HMI Application Availability

Domain HMI Offering - 2019

	Encapsulated Controller HMI	Stainless Steel	Standalone TPC
			
	SPC-200	SPC-500	SPC-800
12W			
15"		FPM-8151H	
15W		SPC-515 (Q3 2019)	SPC-815 (Q4 2019)
18W	SPC-218		
19W			
21W	SPC-221	IPPC-5211WS	SPC-821 (Q4 2019)
24W			

Stationary & Standalone HMI Naming Rule

SPC-X₁X₂X₃-Y₁Y₂Y₃Y₄E

- **X₁: Product Series**
 - 2: General SPC (old SPC-1881/2140)
 - 5: Stainless Steel HMI (align w/ IPPC-5000)
 - 8: Standalone HMI
- **X₂ X₃: LCD panel size**
 - 15: 15" (4:3)
 - 16: 15.6" (16:9)
 - 18: 18.5"
 - 21: 21.5"
 - 24: 23.8"
- **Y₁ Y₂: CPU**
 - ATOM
E1=E39 series(Apollo Lake)
E2, E3....=Exx series
(Predecessor of Apollo Lake, Atom D or N series follow same rules)
 - Core i
Gen. # + Intel® Core™ i3 (63)
Gen. # + Intel® Core™ i7 (67)
- **Y₃: Memory Size**
 - 1/2/3/4/5: 2GB/4GB/8GB/16GB
- **Y₄: Version**
 - A~Z
- **E: RoHS**

Successful Out-of-Cabinet HMI Case Globally

HKSCAN

The end-user is targeting a meat processing MES solutions and requesting a all-around panel PC with pole mount solution for easily cleanable
Food & Beverage Industry
IPPC-5211WS

The packing machine builder which required a real-time operation with all-around protection.
Packing Industry
SPC-1881WP

BOBST

Data Visualization on the packing machines. To avoid penetration of dust and ID concern so encapsulated HMI needed
Packing Industry
SPC-2140WP

aspen

The end-user requires a anti-radiation HMI for the pharma manufacturing production line
Pharmaceutical Industry
IPPC-5211WS

Standalone HMI as part of the package plant export solutions for MES display and data visualization
Pharmaceutical Industry
IPPC-5211WS

ambev

For the beer-filling production line data visualization and process optimization use
Food & Beverage Industry
IPPC-5211WS

RECOGNITION ROBOTICS

Real-time vision controller of the robot arm for the car manufacturing machines.
Automotive Industry
SPC-1881WP

ADVANTECH

Encapsulated Control Panel (SPC-200)

Rugged design for the out-of-cabinet	Customized I/O	Powerful Platform
<ul style="list-style-type: none">• All-Around IP66 Protection• VESA 75/100 supported	<ul style="list-style-type: none">• Reliable M12 with flexible I/O selections• Can be implemented to standard I/O	<ul style="list-style-type: none">• 6th Gen. Skylake i3/i5/i7 embedded CPU• Up to 16GB RAM• Intel LAN Chipset

All-Around protection with VESA mount can be fit into everywhere

Robotics

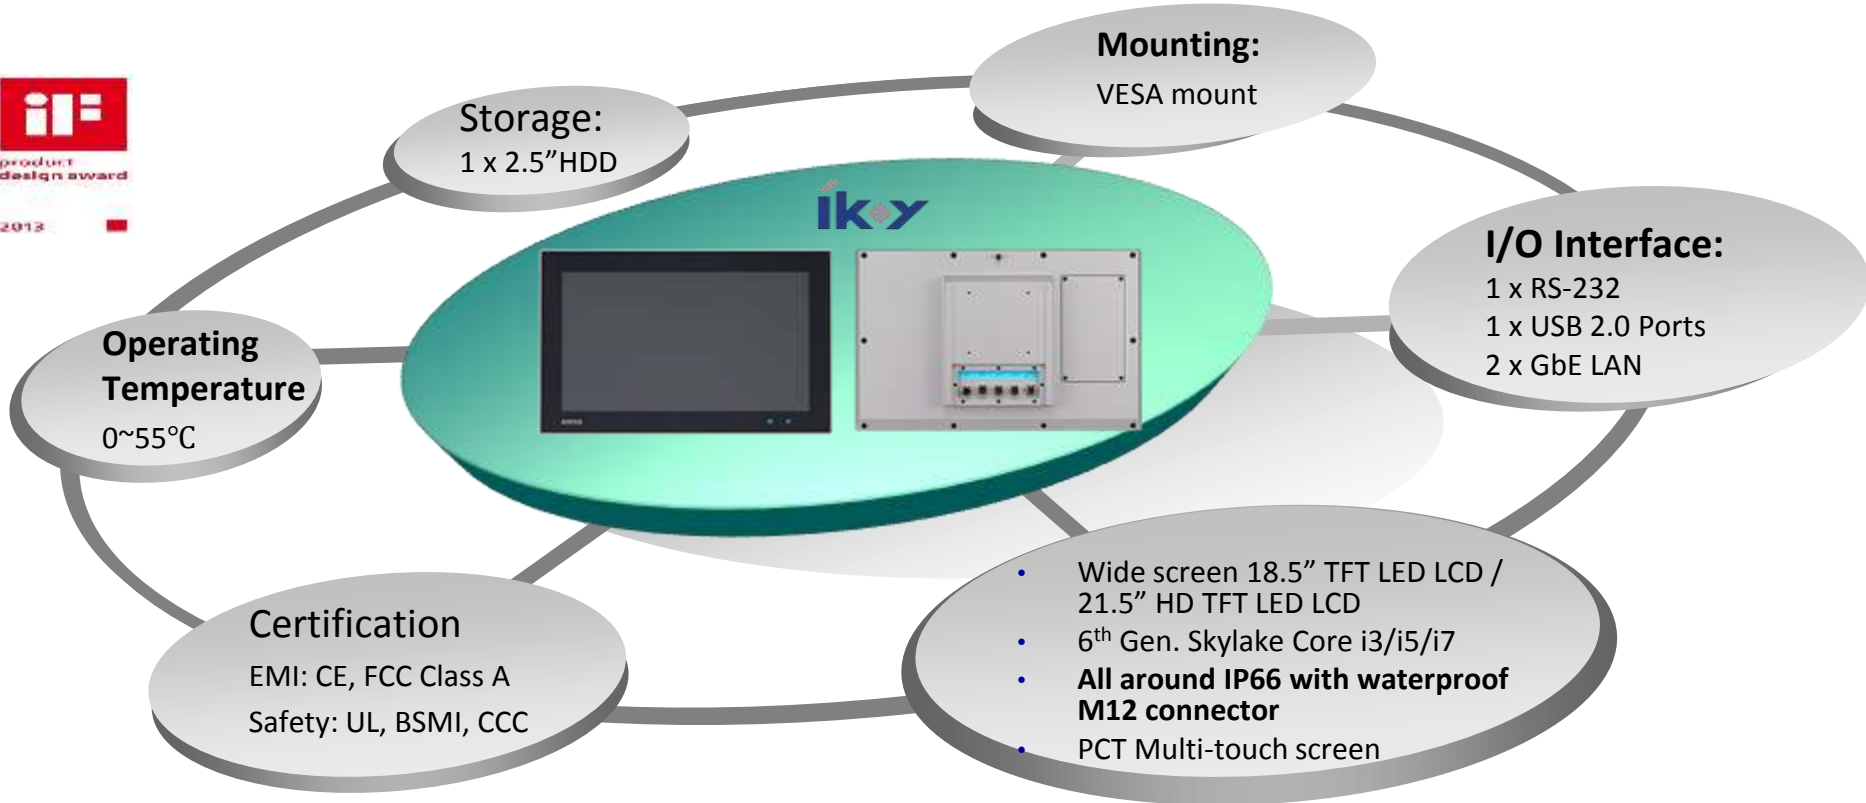

Model Name:
SPC-221-633AE

SPC-200 Introduction

All-around Die-casting IP66 with M12 connectors

SPC-200 Introduction

SPC-200 I/O Customization (project based)

- Customization of changing M12 type connectors to general type connectors
- Customization of External I/O ports

	Standard	Max. Support
Ethernet	2	2
VGA output	0	1
HDMI output	0	1
USB	1	4
RS-232	1	3
RS232/422 /485	0	1

PS: Total number of I/O ports is limited by I/O area

Domain Focus TPC Roadmap

Available Developing Planning

Encapsulated
Control HMI

SPC-1881WP-433AE SPC-18/2140WP-T3AE

- 18.5" /21.5" HD 300nits, PCAP TCH
- 4TH Gen. Core i3/i5/i7, T56N
- All around IP66 w/ M12 connectors
- Opt. regular I/O / M12

SPC-221

- 21.5" HD 300nits, PCAP TCH
- 6th Gen. Core i3/i5/i7
- All around IP66 design
- Opt. regular I/O / M12

FPM-8151H-R3BE

- 15" industrial monitor
- Stainless Steel Front Bezel
- C1D2 Certified
- Resistive T/S with sealing

IPPC-5211WS-J3AE

- 21.5" FHD 300nits, Celeron J1900, PCAP TCH
- IP69K Rated Protection
- Optional Full Stainless Housing

SPC-515

- 15" 4:3 300nits, 6TH Gen i3 / i7 / Celeron , PCAP TCH
- All-Around 304L Stainless Steel Housing
- IP69k Rated Protection w/ VESA
