

Product Discontinuance Notification—PDN# 0000429895

May 26, 2025

Dear Valued Customer,

We would like to inform you that Moxa is going to discontinue the V2201-E1-T-W7E. This discontinuation is because of the end of support for Windows 7 Embedded, which will no longer be available as an operating system option for the V2201 Series. The V2201 Series itself will continue to be available. Supported operating systems will still include Windows 10 IoT Enterprise 2016/2019/2021 and Linux Debian 9. For detailed OS options, refer to the table below. This discontinuation process will begin on June 3, 2025.

If you need any of these discontinued products for an existing project, contact your Moxa sales representative to place orders before the last-buy date: July 15, 2025. Also, note that last-buy orders may be subject to availability.

Review the details below to determine how these discontinuances will affect your products and/or operations.

Which products will be discontinued?

The following products will be discontinued. Also, see the models recommended to replace the soon to-be-discontinued models, as well as when the replacement models will be available for order.

Discontinued	Recommended Replacement	Available for Order
V2201-E1-T-W7E	V2201-E1-T	Available Now

Applicable differences in specifications

In this table, we list the difference in specifications between the discontinued products and the recommended replacement products.

Specification	V2201-E1-T-W7E (Discontinued)	V2201-E1-T (Replacement)
Supported OS	<ul style="list-style-type: none">Windows Embedded Standard 7 (WS7E) 64-bit	<ul style="list-style-type: none">Windows 10 Embedded IoT Enterprise 2016 LTSC Entry 64-bitWindows 10 Embedded IoT Enterprise 2019 LTSC Entry 64-bitWindows 10 Embedded IoT Enterprise 2021 LTSC Entry 64-bitLinux Debian 9 OS image (Kernel 4.9)Linux Debian 11/Ubuntu 20.04/CentOS 7.9 drivers
