

Product Change Notification—PCN# **PCN001158**

November 01, 2025

Dear Valued Customer,

We would like to inform you that Moxa is going to make changes to the EDS-205 Series. These changes will be implemented by running change from January 2026. Please review the details below to determine how these changes will affect your products and/or operations.

What will change?

1. To maintain a stable supply, we will use a new chip in the EDS-205 V3.0.0 Series to ensure continued functionality and longevity of our products.
2. The following changes will also be implemented in the new versions. The changes will not affect the product's outlook, form, or fit.

Item	Before	After
Input Voltage	12 to 48 VDC	12 to 48 VDC, 24 VAC
Packet Buffer Size	512 kbits	768 kbits

Which products will be affected?

Product Name	Current Version	New Version
EDS-205	V2.1.2	V3.0.0

When will the new versions be available?

We will keep supplying the current EDS-205 V2.1.2 Series and perform a running change from January 2026 to phase in the EDS-205 V3.0.0 Series.

If you have any questions, please contact Leann Wang at leannyc.wang@moxa.com, or contact your regional sales representative.
