

Product Discontinuance Notification—PDN# 0000441835

Dec. 12, 2025

Dear Valued Customer,

We would like to inform you that Moxa is going to discontinue all the Custom models within x86 IPC and Panel PC product lines from the e-pricing system since the demand for custom configurations of x86 IPCs and Panel PCs has been largely transitioned to CTOS within MAT, MCN, and MEU. The requirement for Custom models has significantly diminished.

This process will effectively begin December 12, 2025.

If you need any of these discontinued products for custom configuration, please submit orders through CTOS.

Please review the details below to determine how these discontinuances will affect your products and/or operations.

Which products will be discontinued?

The following products will be discontinued. Also, see the models recommended to replace the soon to-be-discontinued models, as well as when the replacement models will be available for order.
