Product Discontinuance Notification—PDN# 0000455036**September 30, 2026**

Dear Valued Customer,

We would like to inform you that the UC-8100-ME-T-LX, UC-8100-ME-T-LX (Custom), UC-8100-ME-T-LX 1, UC-8100-ME-T-LX 1 (Custom), UC-8100-ME Wall Mount Kit and UC-8100-ME Din-Rail Kit will reach its End of Life (EoL) phase, starting April 30, 2027.

If you need any of these products for an existing project, please contact your Moxa sales representative to place orders before the last-buy date of April 30, 2027. Please note that the last shipment date of the last-buy order is September 30, 2027, and all last-buy orders may be subject to availability.

The End of Service (EoS) date for MIL 1 (Moxa Industrial Linux), which is pre-installed on these UC series products, is December 2027. Following this date, software support services for MIL 1—including technical assistance, software updates, and security patches—will no longer be available. Please note that the EoS date applies only to MIL 1 software and does not affect the hardware warranty or repair services. Hardware warranty, repair, and replacement services remain subject to the standard warranty policy for these products.

Schedule

	Last-buy date	Last shipment date	MIL 1 End of Service (EoS)
UC-8100-ME-T-LX, UC-8100-ME-T-LX (Custom), UC-8100-ME-T-LX 1, UC-8100-ME-T-LX 1 (Custom) UC-8100-ME Wall Mount Kit and UC-8100-ME Din-Rail Kit	April 30, 2027	September 30, 2027	December, 2027

As cyber threats continue to evolve, so must your defense. To safeguard your business, our recommended replacements—the UC-2222-T—is built to deliver futureproof cybersecurity resilience. Fully certified to IEC 62443-4-2 SL2 standards with MIL4 Secure, the UC-2222-T offers the high-level security your operations demand. Upgrade today to keep your infrastructure secure, resilient, and ahead of modern threats.

In addition, our computing performance has been significantly upgraded. Powered by a 64-bit Armv8 Cortex-A53 dual-core 1 GHz processor and 2GB DDR4 memory, this next-generation architecture transitions your system from 32-bit to 64-bit computing. This jump delivers

enhanced processing speed, superior efficiency, and seamless multitasking—ensuring maximum system responsiveness and long-term operational reliability for your mission-critical IPC applications.

Please review the details below to determine how these discontinuances will affect your products and/or operations.

Which products will reach EoL?

The following products will reach EoL. Also, see the models recommended to replace those models that will soon reach EoL, as well as when the replacement models will be available for order.

EOL	Recommended Replacement	Available for Order
UC-8100-ME-T-LX	UC-2222A-T	Available Now
UC-8100-ME-T-LX (Custom)	UC-2222A-T	Available Now
UC-8100-ME-T-LX 1	UC-2222A-T	Available Now
UC-8100-ME-T-LX 1 (Custom)	UC-2222A-T	Available Now
UC-8100-ME Wall Mount Kit	WK-33-01	Available Now
UC-8100-ME Din-Rail Kit	NA	NA

Please note that all service rules (e.g., warranty) still apply to the EoL products.

If you have any questions, please contact your regional sales representative.
